You will need...

- Medium pen
- Fireproof clothes
- Fireproof muzzle
- Fireproof gloves
- fish beads
- hair net
- chain or harness ✓

Method:

1. Firstly, set up the pen to be ready for the dragon's arrival. When the dragon is ~~to~~ still in its egg, put it in the pen and hold it every day. ✓

Next, 2. When the dragon has hatched and is used to human contact, give it some fish beads so it associates food with you.

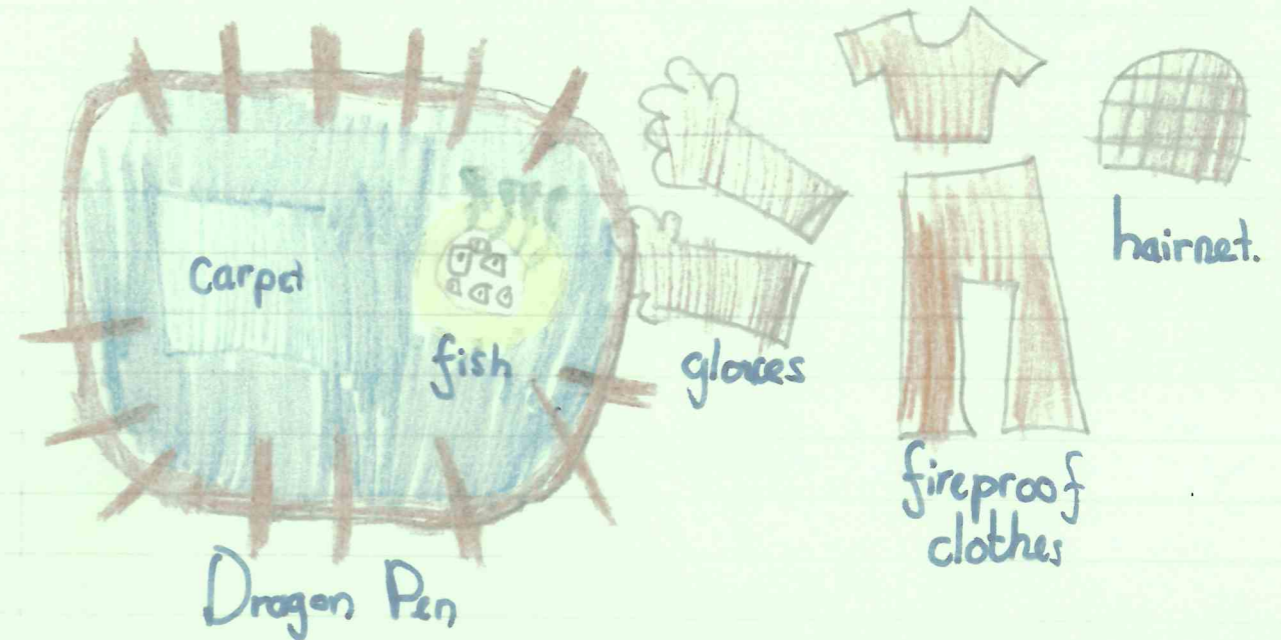

3. When you take the dragon out put your hair net, fireproof clothes, fire proof gloves on. Make ~~so~~ sure you put the dragon's muzzle and chain/harness on too. ✓

4. When you ~~learn~~ you make sure your dragon listens to commands, make sure you use a loud and clear voice. ✓

Conclusion

Remember! Dragons are very ferocious animals so you better be careful with them. When the dragon is small one person can look after it but when it's older, two people have to be with it to keep you safe. ✓
