The Moment

YV 2024

Captured in time, united in a single voice.

Waiting to shine, to sing together is our choice.

There's something in the atmosphere, a feeling in the air,

Now we can say the day is here and everyone can share.

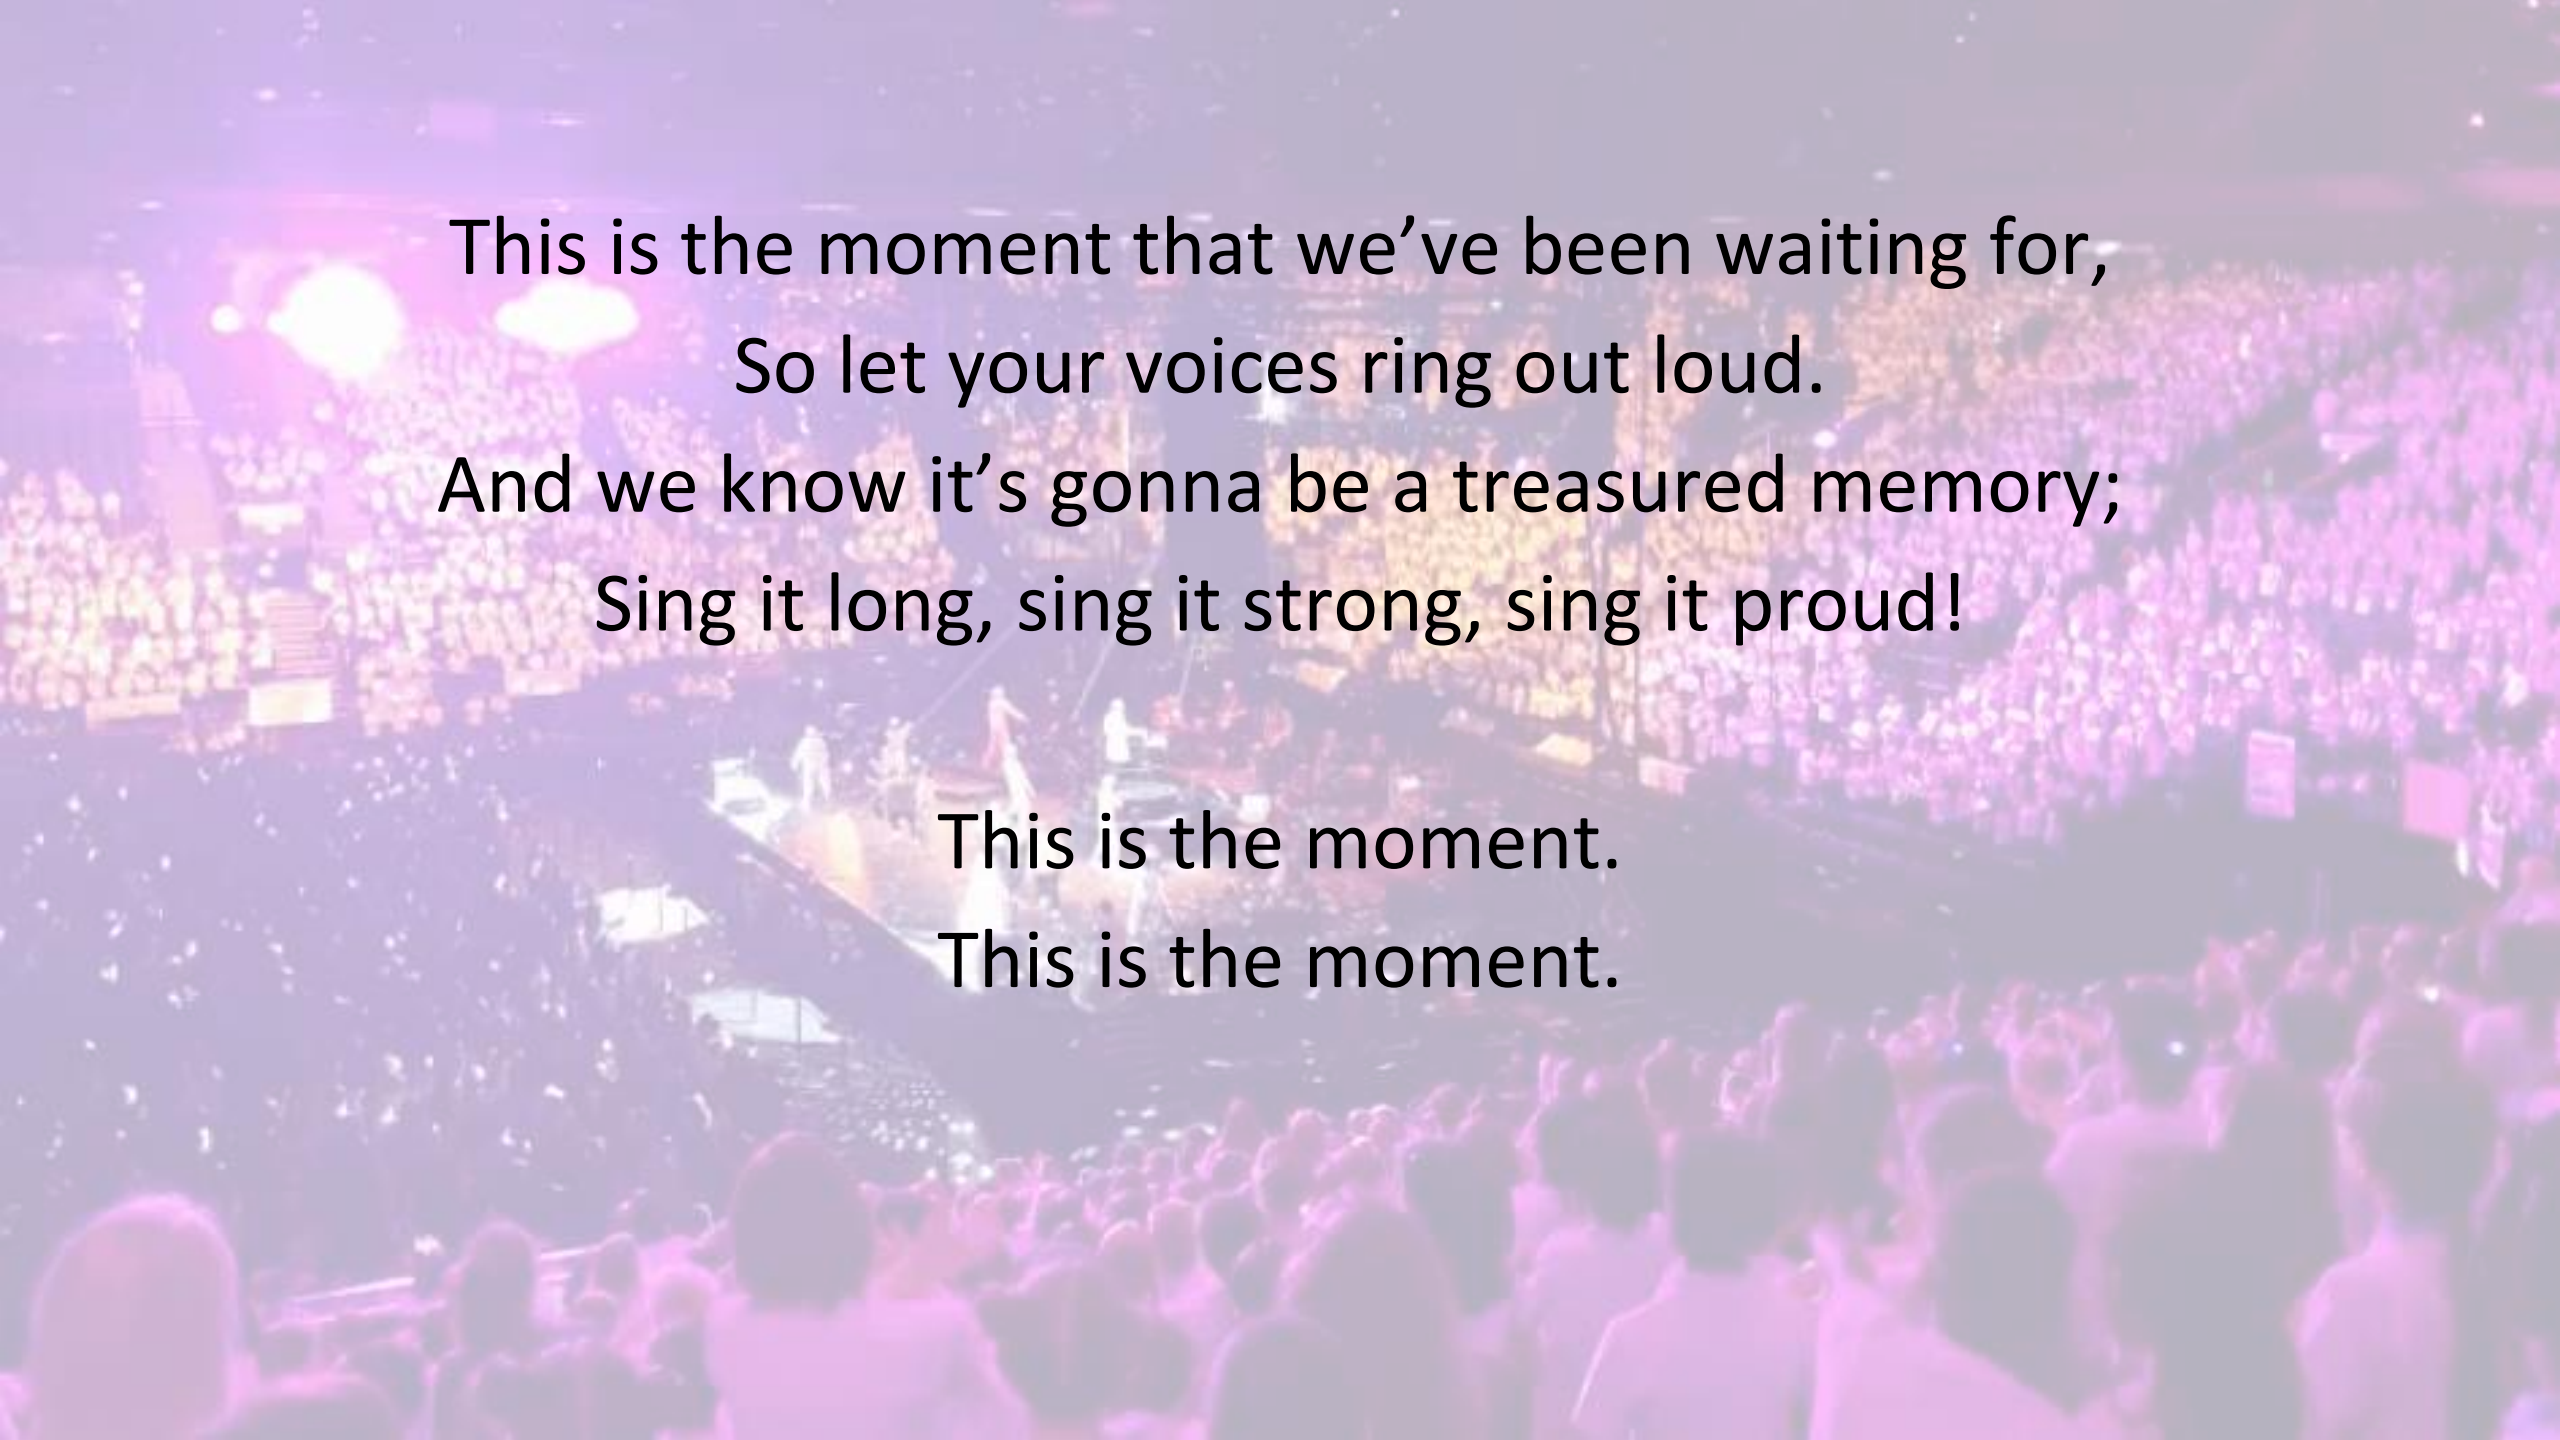

Oh oh ooh.

United in song, together all across the land.

Waiting so long, we'll bring to life what we have planned.

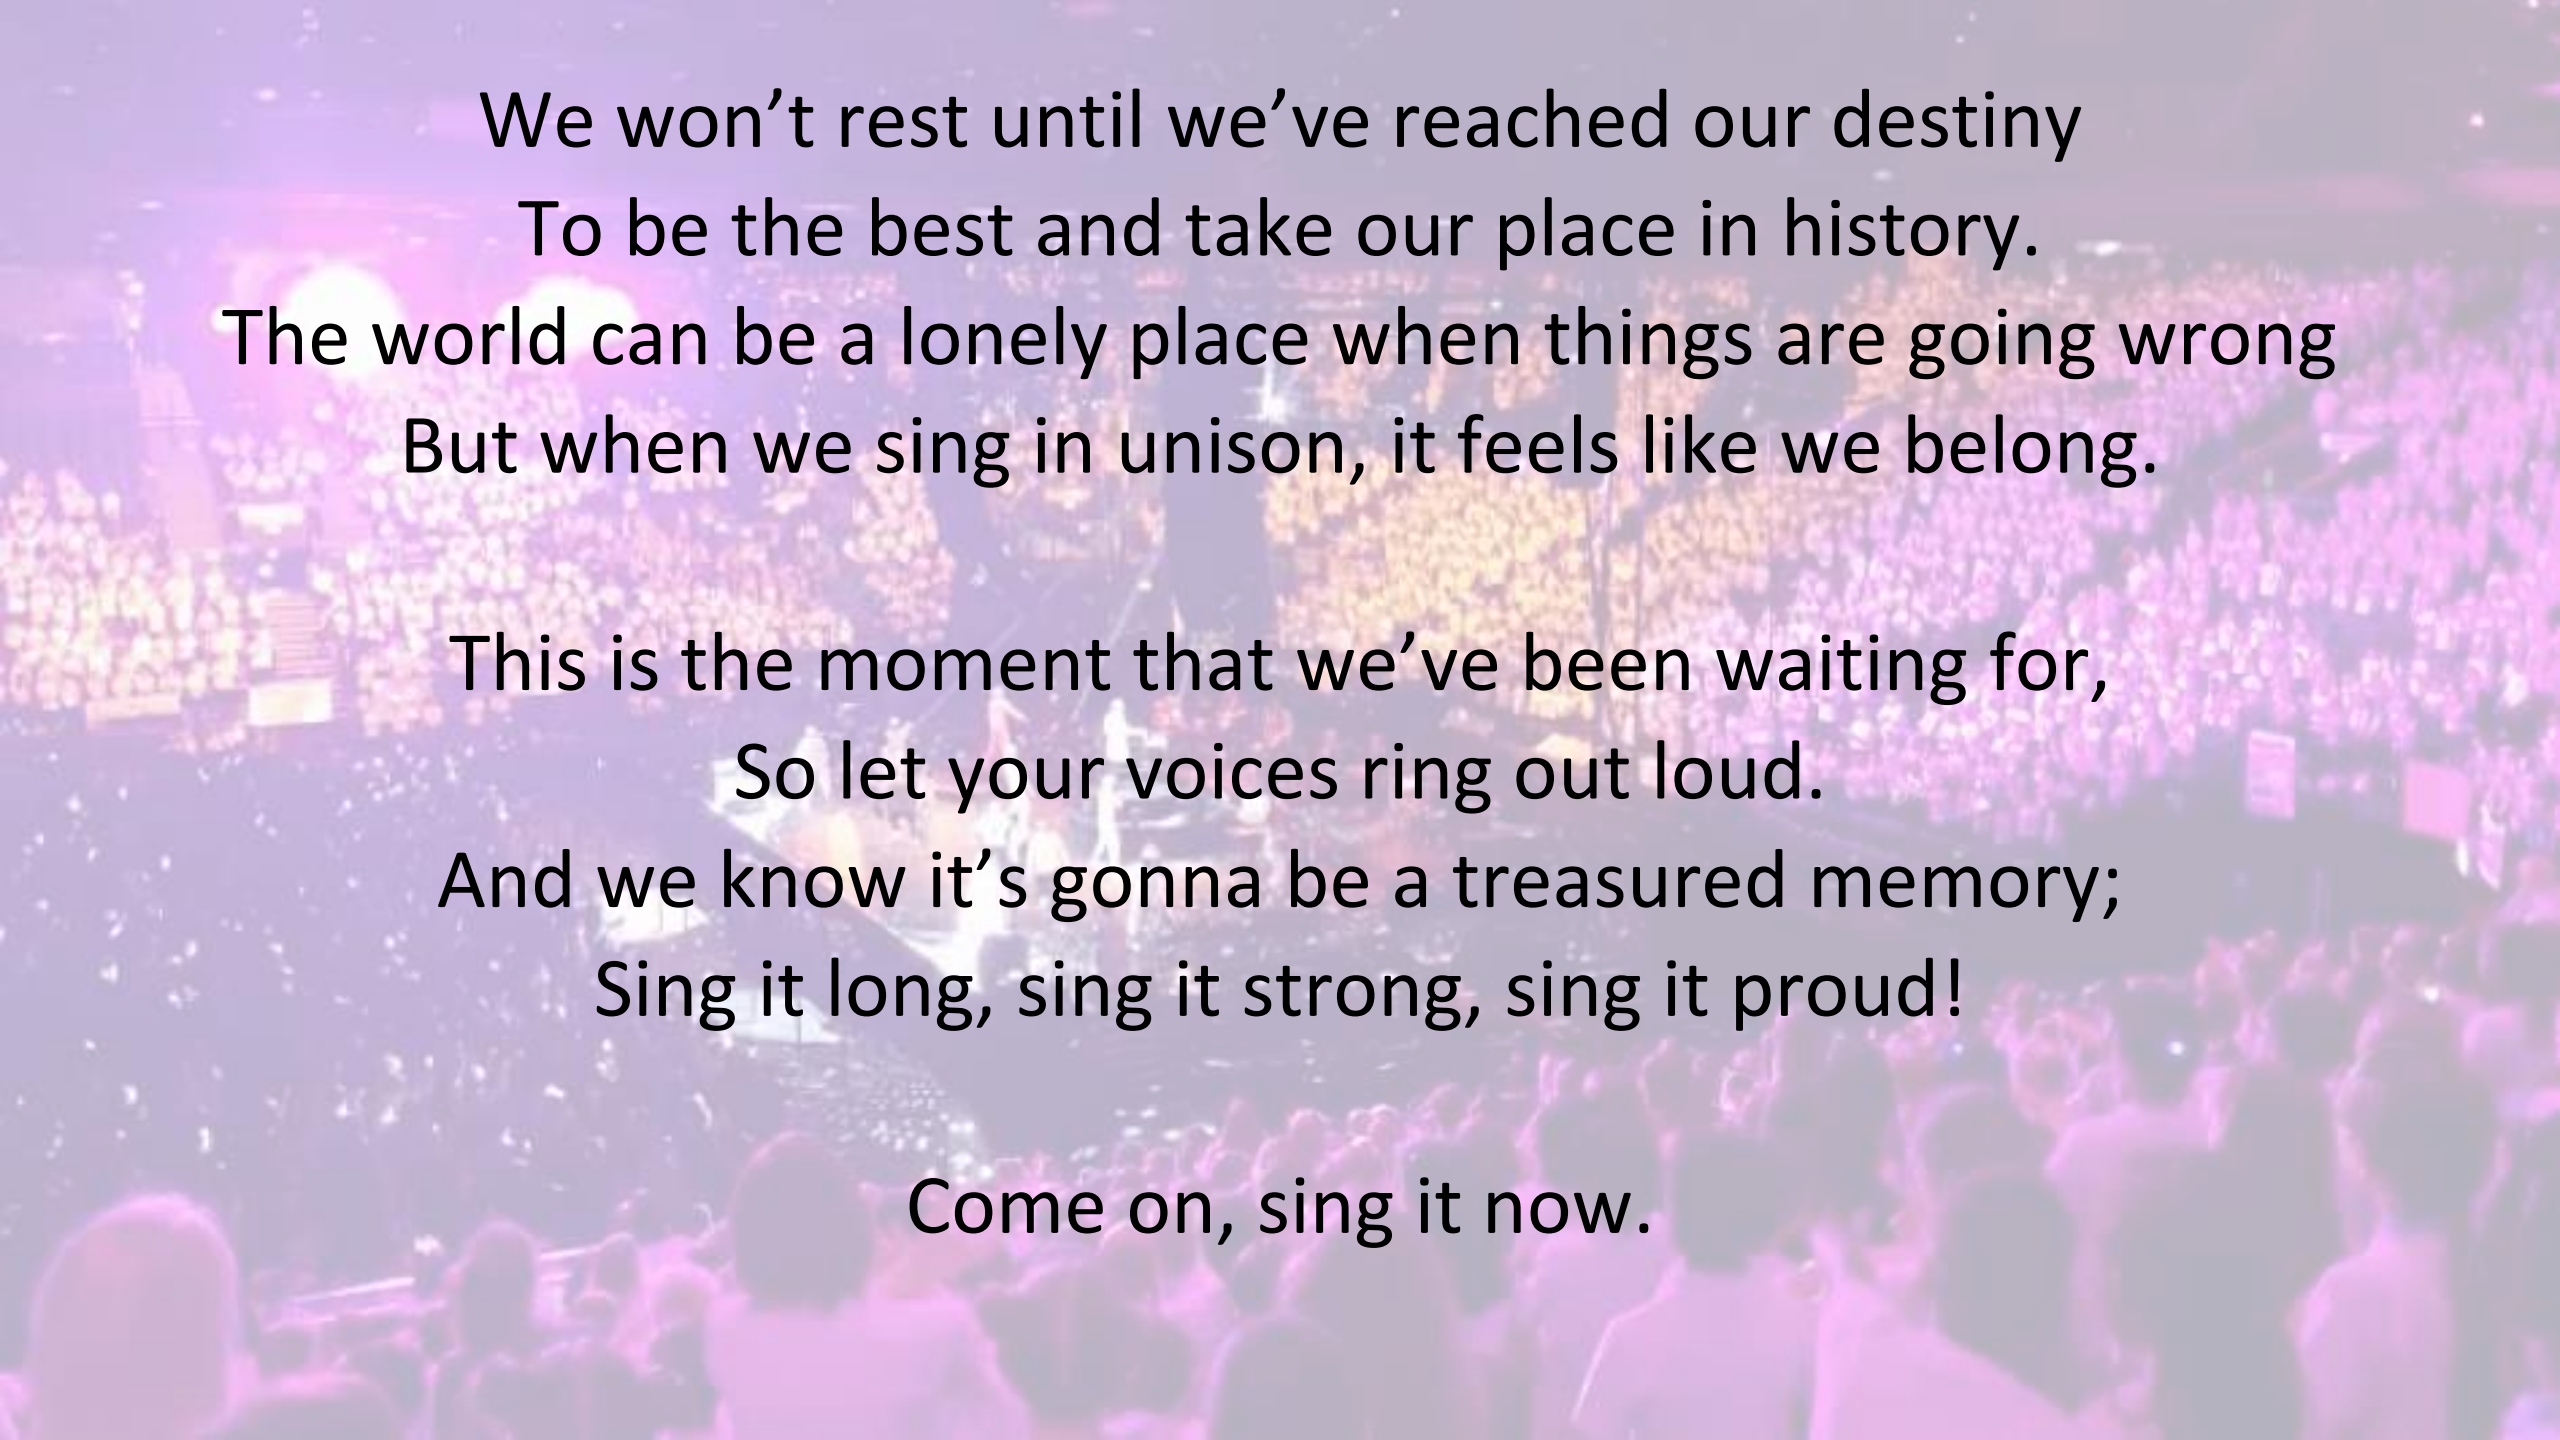

I think that I can hear it now, a new wave crashing through,

It's reaching out to everyone, can you feel it too?

A large crowd of people is gathered at a concert or event. The stage is visible in the background, with several performers on it. The lighting is bright, and the atmosphere is energetic. The text is overlaid on the image.

This is the moment that we've been waiting for,
So let your voices ring out loud.
And we know it's gonna be a treasured memory;
Sing it long, sing it strong, sing it proud!

This is the moment.
This is the moment.

We won't rest until we've reached our destiny
To be the best and take our place in history.
The world can be a lonely place when things are going wrong
But when we sing in unison, it feels like we belong.

This is the moment that we've been waiting for,
So let your voices ring out loud.
And we know it's gonna be a treasured memory;
Sing it long, sing it strong, sing it proud!

Come on, sing it now.

Part 1

Come on, sing it with all your heart!
It really doesn't matter who you are.
'Cos under the surface, we're all the same.
Young Voices is what we're all about.
So take a deep breath and let it out.
Let it out!

Part 2

Anyone at all can play a part.
And everybody here is a shining star,
And we're all united under just one name,
So take a deep breath and let it out.
Let it out!
