

KNOWLEDGE ORGANISER

YEAR: One
TERM: Pentecost
TOPIC: It's Alive!

R.E. – To the Ends of the Earth

We will be learning about the resurrection of Jesus and how He promised to send the Holy Spirit. We will celebrate Pentecost as the Birthday of the Church and how this begins the mission we continue today through our Catholic Social Teaching. We will also look at Christianity across the globe and how Christianity was born from Judaism.

Phonics

We will be continuing to learn our set 1, 2 and 3 sounds. Please use the sound mat we have given to you at Parents Evening to help. Scan the QR code for lots of ideas for supporting phonics at home. Reminder: we will be carrying out the statutory Phonics screening check for year 1 this term. Please practice regularly the Real and Alien

SCIENCE

We are learning about Animals including Humans and how we can work scientifically...

Scan the QR code to help you find the answer.

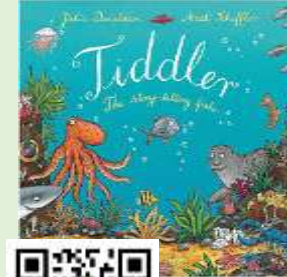

Key Vocabulary:

animal, carnivorous, omnivores, fish, amphibians, reptiles, birds, mammals, senses; touch, smell, taste, hearing

Username and password in home school diary

I wonder which parts of the body are to do with our senses?

MATHS

We will be continuing to use a variety of strategies for addition and subtraction problems including using number lines. We will be learning about multiplication and division using objects, pictures and other equipment. We will be working very hard on quick recall of our number bonds to 20 and being able to write the numbers in numerals

YEAR: One

TERM: Pentecost

TOPIC: It's Alive!

GEOGRAPHY

We will be developing our map skills and creating our own maps of Whipsnade Zoo, using key terminology.

PSHE

The communities we live in-
This module teaches the children how being a good person means looking beyond ourselves and thinking about how we can help and care for others in our community.

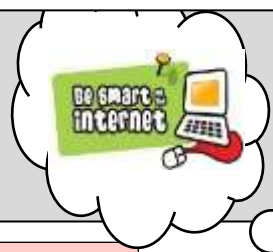

P.E.

In P.E. the children will be learning skills for net and wall games.

In the second half of the term we will focus on striking and field games and summer athletics. We will also be learning some new games to play at break and lunchtimes.

ART

We will be creating our own version of Henri Matisse collages of settings, based on the stories of Superworm and Tiddler.

COMPUTING

- Understand what to do when content makes them uncomfortable.
- Understand what a passcode/word is, why we use them and how to use a passcode safely.
- Use technology safely and respectfully, keeping personal

HISTORY

As part of our History learning this term, children will explore changes within living memory. They will investigate how toys have changed over time by comparing old and new toys, identifying similarities and differences, and developing an understanding of how play has evolved.

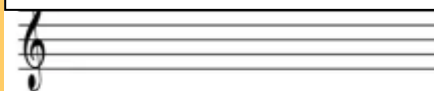

D.T.

In D.T, the children will explore a range of joining techniques to create their own animal finger puppet.

MUSIC

This term in our music lessons, the children will explore dynamics, using their voices, body and percussion instruments. The children will also be composing short pieces of music to reflect a scene, e.g a stormy day, an erupting volcano.
